

Re-Purpose New Jersey

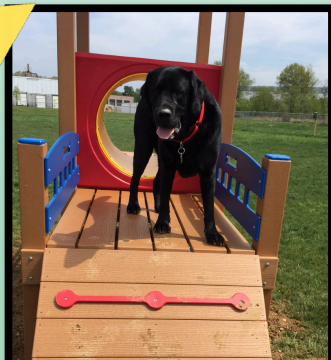

In 2018, the Edison Wetlands Association's Re-Purpose New Jersey (RNJ) will begin offering our Textile Recycling program to additional municipalities and counties at no cost. Last year, we recycled over 500,000 pounds of textiles in Woodbridge and Edison, NJ. We are now looking to expand this successful no-cost program throughout New Jersey.

Re-Purpose New Jersey benefits towns, taxpayers, families, and the environment!

- Prevents clothes and shoes from being dumped in landfills and **saving thousands in taxpayer dollars**
- New and gently used clothing re-purposing **helps the wealth-challenged and the environment**
- Generates **recycling grant dollars** for municipalities
- Clothing recycling is **the LAW** in many counties!
- All clothing donations are tax-deductible. RNJ is the only textile recycling program **solely owned and operated by a federally recognized 501©(3) charitable organization.**
